

Food comes from the farm.

Draw a triangle  around the foods that are grown in the ground.

Draw a circle  around the foods that are grown on trees.

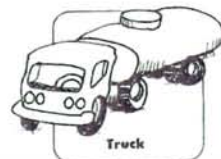

Draw a square  around the foods that come from animals.

Who Uses What?

Draw a line from the agriculture person to the thing he or she uses.

Adapted from Ag-ivities of Minnesota Agriculture in the Classroom

Help the farmer get to the field.
Trace the road.

Start at the farmhouse.
Go straight to the barn.
Go through the barn to the cow pasture.
Turn right and go to the tractor.
Circle the tractor one time.
Go to the apple tree.
Go down the hill to the pond.
Cross the bridge.
Congratulations!
The farmer is in the field.
